Cartload services are provided to those exhibitors arriving in privately-owned vehicles and have small hand-carried items that need to be delivered to and from the dock/booth location. Exhibitors may not utilize their personal mechanical or powered equipment to unload their items at the dock.

All items must fit on flat bed cart (approximately 3'x4' in size) and weigh less than 200 pounds. If items are designated by Shepard personnel to be too large or too heavy, materials will be billed at regular material handling rates.

If you arrive with a personal truck (one (1) ton & over), rental van/truck/trailer, or bobtail filled with exhibit material you will not qualify for cartload service and will be billed at regular material handling rate.

Your vehicle must unload on the receiving dock of the exhibit hall. Shepard personnel will direct vehicles. There must be two (2) people with the vehicle; one person to go with your product to the booth space and one person to remove your vehicle from the unloading area to the parking area.

Cartload Service includes one laborer, one cart, one trip per rate listed below.
